

Office of the Attorney General  
Washington, D. C.

October 29, 1963

Dear Jackie:

The trustees of the Prince Edward Free School Association have told me of your personal efforts on their behalf which were instrumental in opening the schools on schedule.

Today, the children of Prince Edward County have an excellent school system available to them which may help regain the lost years. Hopefully, their public schools will open again soon. Your assistance is greatly appreciated by all who share your concern for the welfare of these children.

Sincerely,

A handwritten signature in cursive script that reads "Bob Kennedy".

Robert F. Kennedy
