Dear Dad & Bee —

Haven't much in the way of news but thought I'd write a line or two to let you know that all goes well with R.L.S.

I'm not sure but I believe I will get a new crew at the end of the week. Will let you know when it's definite.

Have had fun all week flying small twin-engine ships with the tow-target squadron. I had to get in 12 hours to collect my back flight pay and had a swell time doing it. I got about 10 hours of pilot time. We'd go up and I'd fly the whole mission while the pilot slept — good experience.

Played tennis twice and it was great to swing a racket again. They have two hard surface courts on the post. [*struck*: All] Also a swell pool. Please write often. All love —

Bobby
