Wednesday

Dear Eddie —

I returned to March yesterday, after being grounded at Fresno for four days, and was so pleased to find your letter awaiting me.

I would really love to get in to see you and I've already tried to arrange something. As it now stands, I will call you at the Ambassador sometime on the 7th and find out when you can see me. I imagine most of your time will be taken but if you could squeeze a meal in sometime I'd certainly enjoy seeing you. If I don't find you in when I call, I'll leave word where you can call me at your convenience.

I hope this isn't too involved and I can get in to see you, Eddie. It would be swell.

Always —

Bobby
