October 31, 1864

31st  Mustered in today again. our two Lieuts are promoted to Capts. One of them & the other first Lieut. There is no Officer remaining to G. Co. now. I draw my passing notes to a close after a year's pleasant companionship in jotting down there passing thoughts hoping that this veteran of 5 battles may have an honored place among the scarred [sacred] relicts of the present war. I will convene it to Northern hands; from I shall expect that it will be kept but a memorial for coming years; of him who has carried it on the tented field and along 2/3 of the Atlantic Coast 100 miles up the St. John’s River & 90 up the James, one more journey and they travels will be ore. Adieu

Wm. P. Woodlin
February 1864 - Battle of Olustee, Florida

20th … after this halt we were ordered forward, & soon could hear the roar of Canon & the rattle of Musketry ahead of us, we were hurried up to the line of battle at the double quick and our Reg was place in the center and rec’d the hottest fire that was given; The Col. fell the Major wounded a Capt, & several lieutenants. the band and Drum Core went up to the front ahead of the Cavalry and were exposed to a very hot fire: for a while when we fell back to the R. R. until we were in danger of being taken by a flank movement of the Rebs: we got away however …
[May] 6th The Mary Benton came up this morning with the Paymaster on board, also stopped and left his papers and went on: excitement was quite high all the remainder of the day in reference to the smallness of the pay $7 per month.

7th The pay M. came down this morning and most of the men having backed out of their good desires took the paltry sum of $7 per mo. the larger portion of which will soon be spent in gambling. No mail came today worth speaking of, the boats being engaged in transporting troops north.

21st The Dr. Came back this morning from Fernandina bringing the report that our forces had got in the rear of the Rebs & drove them from their position at Olustee. I read the law today giving the colored men their pay as white men and the news of the capture of Richmond.

[August] 31st We fixed up camp & played twice the Regt also encamped & was mustered in for pay with that miserable slave; question to every man. which means $7 per month. We drew a ration of vegetables, which went first-rate also fresh bread.
[September] 2nd We band boys built a bombproof today & then practiced awhile. we then went and serenaded Col. Howell act. Divis. Gen. about midnight we were started by the cheers of the men in front which turned out to be on account of the taking of Atlanta by Sherman. We went out and played a No of pieces.

4th I wrote two letters today. I heard of the death of My friend Nelson Freeman last night. I wrote in answer today. we drew rations. all quiet on the lines no firing, only from our side & but little of that. It really seems like sunday for once since we have been in Virg. Col Howell is in Comd’ of our Divis’ now.

April 19, 1865: “The whole union is dressed in mourning today.”

“The 29 of this month, Soren Hill was trying to entertain the sabbath school with his talk which runs as follows: Every Girl should be brought up in Sunday School. I have got four girls, They expect to become wives and in order to make them good wives they must be brought up in the sunday school. Most young girls ... do more to ruin young men than young men do themselves. Had Mrs Booth been a real genuine woman Wilkes Booth would never have commited the deed he did. As long as I have any controll over my children they will attend the sunday school. Thus ran his speech untill every body was disgusted.”
