#### Cómo Registrarse

EduHam at Home was created in March 2020 in response to the COVID-19 outbreak that forced school closures throughout the country. It is an extension of the Hamilton Education Program (EduHam), which has served more than 160,000 students across the country since 2016. Through EduHam, students study primary source documents from the Founding Era, learn how Lin-Manuel Miranda used such documents to create the musical *Hamilton*, and finally create their own original performance pieces based on the same material.

EduHam at Home provides a family version of EduHam that can be accomplished outside of a school setting. It will continue to be available through August 2020.
