Dear Emileigh Ann,

Hello sweetheart! How is my little girl today? Have you been a good girl for Mommy today? How do you like staying at Bennie and Laura's house? I hope you are doing okay.

Mommy said that you have started eating baby food now. No more of that old breast milk, hugh. I am sorry I wasn't there to see your big switch. Hopefully I won't miss too many big moments.

Things here are starting to get busy. Remember how I told you about the bad man way far away, who daddy and his friends were going to have to go talk to? Well, I think it is getting close to time for us to make him stop being bad. I hope we can do it quickly so that I can get home to you and mommy.

Please tell mommy I love her and give her a great big hug for me. Remember how we talked about you giving mommy lots of help and be on your best behavior with Bennie, Laura, and Stephanie. I love you big, big bunches.

Love,
Daddy
